Objective: To secure a position as a web developer where I can utilize my skills and knowledge to develop innovative and user-friendly websites that exceed client expectations. As a soon to be graduate with a degree in computer science and experience in web development projects, I am excited to contribute to a dynamic team and further develop my technical skills in a professional environment.

Software Development Experience:

SAIC   **Remote, US**

Software Engineering Intern   May 2021 – Nov 2021

- Worked on a cross-functional agile team building STK Missile Tool Kit, a missile simulation software for AGI using Scrum methodology.
- Demonstrated a strong understanding of software engineering principles and practices, including object-oriented programming, design patterns, and software development lifecycle methodologies.
- Used Atlassian toolsets such as Jira, Confluence and Bitbucket to work and communicate asynchronously.
- Conducted weekly stand-ups, sprint planning sessions, and retrospectives to keep the team on track and improve productivity.

SAIC   **Huntsville, AL**

TSSC / Site Support Intern   Summers (2018-2020)

- Provided technical support for hardware, software, and networking issues on-site and off-site at client locations.
- Assisted with the installation and configuration of software and hardware systems, including servers, desktops, laptops, and printers.
- Assisted with the management of IT inventory and tracking of assets.
- Documented and tracked service requests and provided status updates to clients and team members.
- Worked collaboratively with cross-functional teams to complete assigned projects on time and within budget.

Education:
Tennessee Technological University   **Cookeville, TN**
Bachelor of Science in Computer Science   December 2023

Skills:

- Proficient in HTML, CSS, JavaScript, MySQL and jQuery.
- Experience with front-end frameworks such as React, Vite and Next.
- Familiarity with back-end technologies like Node.js and Express.js.
- Experience using Git and GitHub for version control.
- Knowledge of responsive design principles and experience with Bootstrap.
- Strong problem-solving skills and ability to troubleshoot issues.
